

Gary Greenough

Gary Greenough was born in Oakland and as a young man served for two years on the USS Ranger with two combat cruises to Vietnam. He was a Park Ranger for Sonoma County Regional Parks for twenty years. Then for ten years he worked code enforcement for the planning department. His avocation was as a volunteer firefighter with Rincon Valley and Fire Investigator for 20 and 14 years respectively. For enjoyment, he rode Harleys logging over 250,000 safe miles. He also has been a prolific and sought after public speaker for years, mostly for veterans' events but sometimes others, such as Wreaths Across America. Currently he is on the Board of Directors at the local air museum, gives tours of the aircraft and is their Public Information Officer, speaking on KSRO about PCAM events. He also travels to San Diego often to visit his daughter and three grandsons.
