

### **Pat McDermott**

I was raised in Beverly Hills with my three siblings. I graduated from Beverly Hills High in 1954. After High School I went to USC and graduated from there in 1958. I went into the Army Reserves and drove tanks in Fort Knox Kentucky.

Professionally I became a Manufacture's marketing representative in New York. My specialty was Woman's apparel. My customers were Macy's and others. I eventually moved to San Francisco where I opened a showroom on Market Street.

My Wife Bebe and I have four grown children, lots of grandkids and 5 great grandkids...so far. I currently live in San Rafael and I'm able to attend the SIR events because I take the train and/or John Young picks me up for golf and lunches. One of my greatest accomplishments was getting a hole in one with SIRS on 7/9/97, 11th hole.

For fun, I enjoy Giant Games, 49ers Games, travel, cards, having a few beers and of course, golf.
